

CHALLENGING CALLERS, 3rd Edition – Communicating with Children, the Elderly and the Mentally Impaired

Most callers who wish to report a crime or need assistance are ordinary individuals experiencing unordinary events. You know how to take these calls and process them efficiently and effectively. But what happens when the caller is a child, or is elderly, or is suffering from a mental impairment such as Alzheimer's or Autism? Do you have the tools, and most of all the patience, to assist those callers? This comprehensive 3-week course helps you gain a better understanding of how to effectively communicate with these challenging caller types.

PREREQUISITES:

Public Safety Communications Experience

BENEFITS OF TAKING THIS COURSE:

After taking this course, you will be able to:

- Understand and apply effective active listening techniques.
- Understand and apply the general guidelines for communicating with verbally impaired callers.
- Develop a general understanding of the most common serious mental illnesses that can inhibit communication.
- Understand and apply the general guidelines for communicating with the mentally impaired.
- Understand and apply the general guidelines for communicating with the elderly, including those with Alzheimer's.
- Understand and apply the general guidelines for communicating with children, including those with Autism.

WHAT YOU WILL RECEIVE:

- The ability to interact with your peers – discover common problems – find out what is working for them – share information and materials – build a support network of friends in like positions.
- One-on-one mentoring - feedback and assistance from your instructor as you gain a basic understanding of how to effectively communicate with these challenging caller types.
- Certificate of Completion awarding **8 training hours** upon successful completion of the course.
